No. 477 dated 13th May 1908.

(Slip A) In Govt Lro no. 4500-1 dated 14th March 1904, the estimate for Rs 256/- originally sanctioned for repairs to Sri Basweswaraswamy temple at Hadya was cancelled, as a fresh estimate for Rs 1572/- was subsequently sanctioned for the above work.

(Slip B) In regard to the repairs of this temple, Gowrikar Subbanna and certain others of Hadya petitioned this office complaining that the backyard of the adjacent house "or ....

encroaches upon, that the new estimate for the repairs of the temple provides for Arkashas measuring 4 cubits instead of 4 cubits and that unburnt brick has been provided in the estimate for walls instead of burnt brick or stone.

The petition was forwarded for report to the Dy. Commr., Mysore Distt, and that officer has submitted a detailed report thereon together with the records of enquiry.

The Amildar of the Yedatore Taluk reports after personal inspection that the real owner of the petition is Nagappana-bhemanna against whose name in the petition a cross-mark is put in red ink, that the backyard referred to is Bhemanna's and that the petitioners were shown by actual measurements that there was no encroachment as alleged. As regards the 2d complaint

about the Archakams, the petitioners are stated to have no complaince they have been convinced that the temple structure would not be weak and that the adjacent back yard would not be encroached upon As the Amildar further states that the 3rd complaint, viz the substitution of burnt brick or stone for unburnt brick deserves particular consideration and reports that a fresh estimate will be submitted later on after enquiry.

In reply to your official memorandum No. 3846 dated 4.3.08 forwarding for report petition (herewith returned) from Gurukar Puttanna and others of Hadya regarding the repairs to be executed to the Sri Basaveswara temple at Hadya, I have the honor to state as follows:-

2. The petitioners complain (1) that the back yard of the adjacent house has been encroached upon.

(2) That the new estimate for the repairs of the temple provides for Ankanams measuring 7 cubits instead of 4 cubits and

3. After inspection and enquiry the amildar reports that the real author of the petition is Chennamma against whose name a cross mark is put in red ink in the petition under reply; that the back-yard referred to is Chennamma's and that the petitioners were shewn by taking actual measurements that there was no encroachment as alleged.

4. As regards the 2nd complaint about the Archanams the petitioners are stated to have no complaints since they have been convinced that the temple shrine -line would not be weak and that the adjacent back yard would not be encroached upon.
